HAPPY NEW YEAR

**The Breast Cancer Foundation of Egypt (BCFE) would like to wish you all a happy new year!**

BCFE aims at spreading awareness in order to help women with their battle through cancer. Our friend Ghada, a breast cancer survivor, tells of her battle:

*"My name is Ghada Salah. I had stage 2 carcinoma when I was 35 years old. I had a lumpectomy and took 3 FEC chemo sessions and 12 weekly Taxol treatments. The worst sessions were the FEC ones because of the nausea. When I look back I feel like, thank God, I shouldn't complain because it could have been worse.*

*My friends and family helped me a lot; their support and love was overwhelming. I admit I couldn't have made it without them."*

Unfortunately, not all women with breast cancer are as lucky as Ghada. Breast cancer has become an all too common occurrence among women throughout the world.

**NOW** is the time to take action to help end this disease.

The more funds we raise, the more lives we can save.

BCFE has great plans for 2014 but they cannot be completed without generous supporters like you. Your donation will allow us to expand our programs to help more women. With your help a life without breast cancer can come true.
